Grant Eligibility.

- Grants Funds are available to non-profit organizations which have projects, events, or programs that promote tourism in Converse County. A copy of the Wyoming Secretary of State Certificate of Good Standing must be included in the grant request.
- The event must be held in Converse County and should generate overnight stays in the County. The more paid room nights generated, the greater likelihood of approval of the application.
- The event should draw significant visitation from outside of Converse County.
- Overall economic impact to the community and county: CCTPB will consider total economic impact to the local community beyond the lodging tax to determine net benefit to local communities within the County.
- Retention: CCTPB will take into consideration the likelihood of the event to return to the County in the future and the likelihood of the event growing and expanding in the future.
- Financial Assistance: CCTPB will review the applicant's need for grant funding, any additional outside funding sources, and the applicant's budget or profit and loss worksheet to determine the need for financial assistance for the event.
- Logo Placement: CCTPB logo is required to be printed on materials for the event. Higher logo prominence increases likelihood of approval.
